## Take a Scenic Float Trip down the Lower Pigeon

Bordering the Cherokee National Forest, this six and a half mile stretch of the Pigeon River includes Class I and II rapids with one Class III at the end. During hot summer days many groups will find themselves swimming and playing in the water. The trip is ideal for those who didn't quite meet the age requirements for the Upper Section. Children must be at least 3 years old. This is also a great option for parents or grandparents who want a more relaxing tour of this section of river.

Groups or families have the flexibility to raft at the same time but at different levels of adventure.

## We Emphasize- NO EXPERIENCE NECESSARY!

## Float with Style

Along with a Lower Pigeon trip we now offer Duckies (single or double person inflatable kayaks) for people who would like to paddle something a bit more challenging. We have a limited number. Please let us know in advance if you are interested in this option.
